Supersize Art

Serious artwork may seem unattainable, but the only thing you need to create a showstopper is your camera. Faced with a large wall to fill in the lobby of the **Luxe in Bel-Air**, designer Mary McDonald blew up black-and-white photos of shells and added a wash of sepia, a warm brown tone usually associated with vintage photography. The result is graphic, abstract and dramatic. Creative Graphic Services specializes in supersizing and ships everywhere (from \$210 for a 4½' x 6' photo; 661-298-3200 or cgshome.com). 310-476-6571 or luxehotelsunsetblvd.com.
